

LETourneau CASE SAMPLES

“We exist to claim every workplace in every nation as our mission field. One student at a time. Sending Christian professionals into workplaces as ambassadors for Christ.” This is how Dr. Dale A. Lunsford, President of LeTourneau University (Longview, Texas) introduces his Case Statement.

“We are a new type of ministry with an eternal impact on those with whom we work. LeTourneau University is destined for such a time as this.”

The opening paragraphs go on to say, “This is a story of making an eternal impact. A tale of persistence.”

“About rigorous and professional Christ-like education for 65 years.

“It is about a new chapter in the LeTourneau University story we will write together.

“We have the opportunity, the obligation, to grow and equip more ambassadors. Those who can live out their faith daily in the close quarters of the workplace.

“Every workplace. Every nation. One student at a time.

“We want you to join with us in our vision for tomorrow—a tomorrow that is, in so many ways, already here. Let us show you how LeTourneau University will bring five transformational opportunities to reality. How we will seize these opportunities to make significant enhancements, all designed to improve academic and spiritual life.”
